

List of publications A.V. Stoyanovskii

1 Published in 2011

1. A.V. Stoyanovsky, On the mathematical sense of renormalization, The Harmonic Journal, 34: 4, 425, 2011 [MathSciNet](#) .

2 Published in 2009

1. A.V. Stoyanovsky, Pseudodynamical evolution and path integral in quantum field theory, Doklady Mathematics (Proceedings of the Russian Acad. Sci.), 426, No. 4, 461–463 (2009) [MathSciNet](#) .

3 Published in 2008

1. A.V. Stoyanovsky, Necessary condition for the existence of the S matrix outside the scope of perturbation theory, Mathematical Notes, 2008, 83:4, 560–563 [Math-Net.Ru](#) [MathSciNet](#) [ZentralMATH](#) [crossref](#) [ISI Web of Knowledge](#).

4 Published in 2007

1. A.V. Stoyanovsky, The Weyl algebra and quantization of fields, in: Proceedings of the international workshop “Idempotent and tropical mathematics and problems of mathematical physics”, II, G.L. Litvinov, V.P. Maslov, S.N. Sergeev eds., Moscow, 58–62, 2007
